Franz Inc. Announces SOC2 Type 1 Certification

Lafayette, California, December 11, 2023 — Franz Inc., an early innovator in Artificial Intelligence (AI) and leading supplier of Graph Database technology for Entity-Event Knowledge Graph Solutions, today announced its attainment of System and Organization Controls (SOC) 2 Type 1 compliance. This achievement underscores the company's dedication to offering superior data security and privacy for its expanding Commercial, Academic and Government customers.

The SOC 2 Type I audit, conducted by Laika Compliance LLC, independently evaluated Franz Inc.'s internal controls related to security, availability, and data confidentiality. This audit is a widely recognized standard set by the American Institute of Certified Public Accountants (AICPA). SOC 2 compliance certifies that Franz Inc.'s controls and procedures align with the AICPA's Trust Service Criteria.

"Enterprises are increasingly adopting Knowledge Graphs, based on AllegroGraph, to connect siloed data and enhance analytics insights," said Dr. Jans Aasman, CEO, Franz Inc. "Our SOC 2 Type 1 certification reinforces Franz Inc.'s commitment to security and software best practices."
