

# Franz Inc. named to the DBTA 100 – The Companies That Matter Most in Data

*Leading Semantic Graph Database and Artificial Intelligence  
Provider Recognized for Delivering Business Value*

**OAKLAND, Calif. – June 19, 2017** – Franz Inc., an early innovator in Artificial Intelligence and leading supplier of Semantic Graph Database technology, today announced that it has been named to the Database Trends and Applications (DBTA)100 – ‘The Companies That Matter Most in Data’.

The world of data management is constantly changing. The DBTA 100 recognizes vendors who are evolving with the times and leading the charge to address new opportunities and requirements. Embracing the old and new, well-established and cutting edge, this fifth annual DBTA 100 list spotlights the companies that are dealing with evolving market demands through innovation in software, services, and hardware. The list includes long-established IT companies and newer upstarts anxious to shake up the data management space. Each year, the DBTA 100 presents “View from the Top” articles by company executives explaining how their organizations are uniquely addressing the data challenges of today—and tomorrow.

AllegroGraph has been widely recognized and endorsed within the industry as the popularity of Graph databases has skyrocketed – growing nearly 500% in the past two years. AllegroGraph was recently named a Leading Database Solution by CIOReview, awarded Best in Semantic Web Technology & Leader in Graph Database Products by Corporate America, PharmaTech Outlook has named Franz a Top Ten Solution Provider, and Bloor Research positioned AllegroGraph as a ‘Champion’.

## About DBTA

Database Trends and Applications is a magazine covering data and information management, big data, and data science.
